

| Date   | Time                      | Track | Presentation Title   | Speaker  |
|--------|---------------------------|-------|--|--|
| 15-Aug | 09:00<br>-<br>10:00<br>AM |       | The Role of the Laboratory in Assessing Concerns Over Vitamin D Toxicity     | Reinhold Vieth, PhD<br>University of Toronto Professor, Department of Laboratory Medicine and Pathobiology, and Department of Nutritional Sciences, Toronto, Ontario, Canada |
| 14-Nov | 09:00<br>-<br>10:00<br>AM |       | The Shocking Truth About Vitamin D Status                                    | Gregory Plotnikoff, MD, MTS, FACP<br>Senior Consultant, Minnesota Personalized Medicine  |
| 27-Feb | 09:00<br>-<br>10:00<br>AM |       | The Measurement of 25-Hydroxy Vitamin D - An Analytical Challenge            | Markus Herrmann, MD, FRCPA<br>Associate Professor, University of Sydney, Director of Clinical Pathology, District Hospital of Bolzano, Bozen, Italy                          |
| 26-Jun | 10:00<br>-<br>11:00<br>AM |       | Immunoassay Serology Treponemal Screen                                       | Tiffany MacKenzie, PhD<br>Manager, Scientific Affairs - Infectious Disease with DiaSorin, Inc.   |
| 30-Oct | 09:00<br>-<br>10:00<br>AM |       | Parathyroidism: Hypo, Hyper....what is normal, really?                       | D Sudhaker Rao, MB,BS, FACP, FACE<br>Division Head, Bone and Mineral Metabolism, Henry Ford Health System  |
| 25-Jun | 10:00<br>-<br>11:00<br>AM |       | Syphilis Diagnosis: Treponemal Algorithms from the Public Health Perspective | Richard Steece, PhD<br>Director, Public Health Laboratory, State of Tennessee Department of Health   |
| 29-Feb | 09:00<br>-<br>10:00<br>AM |       | Clinical Controversies in Vitamin D Testing and Treatment                    | Gregory Plotnikoff, MD, MTS, FACP<br>Senior Consultant, Minnesota Personalized Medicine  |

|        |                           |  |   |  |
|--------|---------------------------|--|---|--|
| 17-Mar | 10:00<br>-<br>11:00<br>AM |  | Herpes Serology: HSV-1 and HSV-2 Type-Specific Diagnosis from the Public Health Perspective | Richard Steece, PhD<br>Director, Public Health Laboratory, State of Tennessee Department of Health   |
| 14-Apr | 09:00<br>-<br>10:00<br>AM |  | Primary Hyperaldosteronism: From A to Z   | Jonathan Williams, MD, MMSc<br>Assistant Professor of Medicine at Harvard Medical School and Associate Physician at Brigham and Women's Hospital, Division of Endocrinology  |
| 17-May | 10:00<br>-<br>11:00<br>AM |  | Epstein-Barr Virus Infections: Pay Me Now or Pay Me Later                                   | Henry Balfour, Jr, MD<br>Professor of Pediatrics and Laboratory Medicine and Pathology, University of Minnesota  |
| 16-Jun | 09:00<br>-<br>10:00<br>AM |  | Parathyroid Functional States: How to Define and How to Assess                              | D Sudhaker Rao, MB,BS, FACP, FACE<br>Division Head, Bone and Mineral Metabolism, Henry Ford Health System  |
| 14-Jul | 09:00<br>-<br>10:00<br>AM |  | The Evolution of PTH and Vitamin D Testing  | Damien Gruson, PhD<br>Professor, Head of the Department of Clinical Biochemistry, Cliniques Universitaires Saint Luc   |
| 31-Aug | 09:00<br>-<br>10:00<br>AM |  | PTH Testing in Chronic Kidney Disease Patients  | Kevin J Martin, MD, MB, BCh, FASN<br>Professor of Internal Medicine, Director of the Division of Nephrology, Saint Louis University School of Medicine   |
| 13-Oct | 09:00<br>-<br>10:00<br>AM |  | Advances in the Diagnosis of Primary Aldosteronism  | Joesph Wienczek, PhD<br>Clinical Chemistry Postdoctoral Fellow, Vanderbilt University Medical Center<br>Alison Woodworth, PhD, DABCC, FACB<br>Associate Professor of Pathology and Laboratory Medicine, Medical Director of Chemistry, University of Kentucky Medical Center |
| 7-Dec  | 08:00<br>-<br>09:00<br>AM |  | 1,25 Dihydroxyvitamin D Testing and Its Clinical Significance                               | Professor Doctor Armin Zittermann<br>Head of the Center for Clinical Studies in Thoracic and Cardiovascular Surgery  |
| 15-Feb | 09:00<br>-<br>10:00<br>AM |  | Advances in Parathyroid Hormone Testing   | Etienne Cavalier, PhD<br>Professor of Clinical Chemistry at the University of Liege and Head of the Department of Clinical Chemistry at CHU de Liege   |

|        |                           |  |  |  |
|--------|---------------------------|--|--|--|
| 17-May | 09:00<br>-<br>10:00<br>AM |  | The Clinical Utility of 1,25 Dihydroxyvitamin D  | Gregory Plotnikoff, MD, MTS, FACP<br>Senior Consultant, Minnesota Personalized Medicine  |
| 27-Jun | 09:00<br>-<br>10:00<br>AM |  | Growth Hormone and the Adult Skeleton  | Nicholas A Tritos, MD, DSc, MMSc, FACP<br>Associate Professor of Medicine, Harvard Medical School  |
| 13-Jul | 09:00<br>-<br>10:00<br>AM |  | Utilizing Available Biomarkers to Tailor and Individualize Therapy in Diabetes   | Ajay D. Rao, MD, MMSc<br>Assistant Professor of Medicine, Section of Endocrinology, Diabetes, and Metabolism, Center for Metabolic Disease and Research, Lewis Katz School of Medicine at Temple University  |
| 11-Oct | 09:00<br>-<br>10:00<br>AM |  | Association of Biotin Ingestion with Performance of Hormone and Nonhormone Assays in Healthy Adults                                    | Danni Li, PhD, DABCC<br>Director of Clinical Chemistry, University of Minnesota Medical Center, and Assistant Professor of Laboratory Medicine and Pathology, University of Minnesota                        |
| 29-Aug | 08:00<br>-<br>09:00<br>AM |  | Implementation of Helicobacter Pylori Stool Antigen Testing in a Large Metropolitan Center: A Prospective Comparative Diagnostic Trial | Dylan R. Pillai, MD, PhD, FRCPC (C)<br>Professor and Department Head, Departments of Pathology & Laboratory Medicine and Medicine, and Microbiology, Immunology & Infectious Diseases, University of Calgary |
