

Date	Time	Track	Presentation Title	Speaker
20-Feb	08:00 - 09:00 AM		Challenging targets on Biacore System: tips, tricks and best practices	Paul Belcher, PhD Functional Leader, Biacore at GE Healthcare
20-Feb	08:00 - 09:00 AM		Characterization of Biosimilars by SPR	Shashank Sunkara Research Associate, Analytical Development department, Momenta Pharmaceuticals
20-Feb	08:00 - 09:00 AM		Critical Analysis of Biosensor Data Sets - making sure your conclusions and values are believable	Joe Papalia, PhD Senior Scientist, Gilead Sciences, Inc
20-Feb	08:00 - 09:00 AM		Cytiva 3	James Goldmeyer, PhD Product Manager; Dharmacon, part of GE Healthcare
20-Feb	08:00 - 09:00 AM		Getting started with siRNA: considerations and recommendations	Louise Baskin Senior Product Manager, GE Healthcare
20-Feb	08:00 - 09:00 AM		High throughput process development - optimizing a mAb chromatography polishing step	Peter Hagwall Product Manager Design, GE Healthcare Life Sciences
20-Feb	08:00 - 09:00 AM		Improve and optimize quantitative Western blotting	Karin Soderquist Global Product Manager, GE Healthcare Life Sciences
20-Feb	08:00 - 09:00 AM		Presenting a complete workflow - from start to finish!	Emily Anderson, Ph.D. Senior Scientist, Biology Research and Development, Dharmacon
20-Feb	08:00 - 09:00 AM		SPR - Companion from bench to bedside	Markus Sack, MSc Professor, RWTH Aachen University

20-Feb	08:00 - 09:00 AM		Tips, hints and trouble shooting: optimization of your recombinant protein preparation workflow	Quangvu Nguyen Product Manager - HyClone™ Cell Culture Research, GE Healthcare Life Sciences
5-Apr	06:00 - 07:00 AM		A workflow for CRISPR-Cas9 high throughput arrayed screening with synthetic crRNA	Louise Baskin Senior Product Manager, GE Healthcare
5-Apr	07:15 - 08:00 AM		Optimizing homology-directed repair (HDR) results with CRISPR-Cas9	John Schiel, Ph.D. Research Scientist at Dharmacon, part of GE Healthcare
5-Apr	08:00 - 08:30 AM		New generation Size Exclusion Chromatography Columns - What is in it for you?	Pia Liljedahl Global Product Manager, GE Life Sciences
5-Apr	08:30 - 09:00 AM		Gaining quick insights in protein purification - compare results & integrate peaks	Lena Nyholm, PhD Scientist, R&D department, GE Healthcare
5-Apr	09:00 - 09:30 AM		Sense and Sensitivity: Screening and Characterization of fragment binders against WT GPCR drug targets using highly sensitive Biacore S200	Paul Belcher, PhD Functional Leader, Biacore at GE Healthcare
5-Apr	09:30 - 10:00 AM		SPR - heading the reagent revolution	Robyn Stoller Scientist, R&D Systems
